

3D-MC² GRADER | **ULTIMATE PRODUCTIVITY FOR MOTOR GRADING**

3D-MC² allows performance to be up to 200% more effective than existing 3D systems — whatever the ground — whoever the operator. Saving time, fuel and money at every pass.

BENEFITS:

- Finish grade at significantly higher speeds and tighter tolerances
- Compatible with Topcon Millimeter GPS
- Prevents duck walking and undercutting
- Compensates for rolling of the mold board
- Immediately sense and correct changes in the cutting edge position
- Superior stability and smoothness when finish grading
- Finish grading 5 times the speed

PROMOTIONAL OFFER:

- \$20,000 discount on any complete system purchase of a Topcon 3DMC² Motor Grader system.
- The system purchase must include all Topcon Equipment, GeoAssure, installation and freight at list price.
